Football

Columbus had a successful season in football this year under the supervision of Coach M. L. Dubach and Captain Burzy Price. The team won six games, lost one, and tied one.

There were twenty-one letters presented in football this year. All but two of the first team will graduate this year, but there will be a large amount of reserve material back.

Basketball

Eleven letters were presented in basketball this year by Coach H. A. Henley. Columbus took sixth place in the league this year but the Titans had hard luck all season. They lost two games by only one point and one game with Fort Scott by two points in an extra period after the game ended in a tie. Although Coach Henley did not have any outstanding players, he had two teams that played about the same game which made it possible to make substitutions without injury to the team. Only five of the letter men graduate this year so there is excellent prospect for a good team next year.
